1	As per rule of fellowship increment, the government and the funding agency said and promised to revised the amount of fellowship within every four year. I want to know the status and update related to revise the current fellowship given to Ph.D. (Not PMRF) students (JRF and SRF) who are qualified for national scholarship test like NET/JRF and/or GATE and what will be the revised fellowship (JRF and SRF) amount?	The fellowship amount is revised by funding agencies. This decision is not taken by the Institute.

If you are not satisfied with the above reply, you may prefer to file appeal before the following First Appellate Authority within 30 days from the receipt of this letter.
