CORRIGENDUM-I

Refer IISER Mohali E-tender Ref. No. IISERM (1029)/18/19-Pur for **Supply of and installation of Network based Biometric Lock Systems and Surveillance**, Knowledge City, PO. S.A.S. Nagar, Mohali, Punjab. Due date for the on-line submission is extended due to **Clarification and Modification Amendments/addition in the Specification:**

Sln	Specification
A. Biometric Lock Systems and Surveillance	
A.1	<p><i>Need a complete integrated network based biometric locking and management system. (A schematic is attached to this document)</i></p> <ol style="list-style-type: none"><i>Total Number of PUF Doors – 7 (seven)</i><i>Total Number of Glass Doors – 1 (one)</i><i>Total Finger Print Based Door Controller – 8 (eight)</i><i>Total Fingerprint based Reader - 8 (eight)</i><i>Thus, No Exit Switch</i><i>Total Compatible local Battery Backup – 4 (four)</i><i>Number of Dome Camera – 15 (fifteen)</i><i>Number of Bullet Camera – 5 (five)</i><i>Compatible rechargeable battery for above battery backups.</i><i>Racks to mount Server and PoE switches are not within the scope of vender, however, bidders/vendors must provide rack-rail kits to mount switches and servers in the existing racks.</i><i>Patch panels are within the scope of vendors/bidders.</i><i>A tentative positioning of the cameras and doors (biometric locks) are shown in the schematics – however, there might be slight changes during the actual installations.</i><i>Vendor must provide appropriate shielding through different type of batten/channel/GI pipes etc. to protect Ethernet cables. And all these materials are in the scope of vendor.</i><i>The plans for routing cables are shown in the schematic. The blue arrows depict the existing channels, red arrows illustrate the channels to be laid down and orange arrows show the channels to be laid down in open air (outside the room area). Vendors must ensure that the appropriate channels/battens/GI pipes to install in as per requirement to make the installation more secure. Dimensions are shown in schematics, thus, vendor must calculate the total distances to decide the quantity of cables, battens, channels, GI pipes etc.</i><i>Outside building routing must be done using GI pipes to protect cables, as they are secure lines to the devices.</i>

B. Control and Management Node

B.1	<ol style="list-style-type: none">1. Rail Kits must be provided along with the sever2. Appropriate power cables must be provided.3. Disks should be on Raid Controller of 0,1,5,10, 50, 604. The OEM should be a registered company in India should have been in operation in India for a period of at least 10 years as on date of Tender. Copy of the Certificate of Incorporation / registration should be enclosed
B.2	<ol style="list-style-type: none">1. Rail Kits must be provided along with the sever2. Appropriate power cables must be provided.3. Disks should be on Raid Controller of 0,1,5,10, 50, 604. The OEM should be a registered company in India should have been in operation in India for a period of at least 10 years as on date of Tender. Copy of the Certificate of Incorporation / registration should be enclosed

G. General Comments

1	<i>As per the requests and queries received for this tender, we provide clarifications and additional information through this document. Bidder must comply all our conditions and specs as per this document along with our original NIT document. No further clarifications will be entertained. The replies to the questions during pre-bidding will also form the part of NIQ.</i>
2	Payments Terms: 90% on supply of material and 10% after installation and submission of PBG.
3	GST Rates: GST rate will be as applicable as the tendered item is not a Research item.

Revised date and Time

Sr. No.	Description	Extended Due date/Time
01	Closing Date & Time (Online)	02.07.2018 upto 11:00 AM
02	Opening Date & Time of Technical Bid	03.07.2018 upto 11:30 AM
